

Several projects looking for specific partners or companies

All these projects are important, because they aim to provide comfort, better living and skills for disadvantaged populations

A) Water project at Dhodeni, Upper Ward No. 8, Shivapuri municipality, for the construction of a water tank, for the benefit of 35 houses in the Tamang community (35 x 4) minimum people per house i.e. approximately 140 people). The estimated cost is 4,86,147.27 Nepali Rupees i.e. 3600 euros for a 3375 liter tank (€5000 if a 6000 liter tank)

B) School extension project (quotation in progress)

C) As in previous years, quilt distribution projects on several sites, following requests made by several villages This action is really very useful, to provide comfort and warmth during the rigorous winter period

D) Proposal to purchase computer equipment to support the computer knowledge training for disadvantaged students in Nepal.
